

Appeal for donations

Dear comrades,
Dear Ladies and Gentlemen,

in a few weeks it is now so far.

On Saturday 08 and Sunday 09 July 2023, the joint mega-event of the district group Oberpfalz and the active troops of the artillery battalion 131 stationed in Weiden will take

Open Day Artillery Battalion 131 Weiden

&

2nd Reservist Blue Light Day Oberpfalz 2023 with benefit concert Bluelight Festival

takes place.

True to our motto:

Separate in colors, united in cause

we are using this event to promote greater respect and acceptance in society for our emergency personnel from all blue-light and emergency organizations and dedicate this event to all volunteer and full-time emergency personnel and their families.

But we also want to take the opportunity to support charitable organizations and have thought about where help is most appropriate. We did not have to think long because the weakest link in our society are our children. They are not responsible for the many conflicts and wars in the world and suffer the most from natural disasters, poverty and hunger.

Therefore, we have decided with this event

- RTL Foundation We Help Children
- Til Schweiger Foundation for socially disadvantaged children in Germany
- Kliniken Nordoberpfalz Palliative Department Pediatric and Adolescent Medicine
- Soldatenhilfswerk for families of soldiers killed in action

to collect donations.

You too can help and Every cent helps a little further

Support us at this event and be a part of bringing smiles back to our children's faces.
Every cent goes to the right place, and we stand behind that.
